

# The Best Flight Planning System

Free, web-based **Flight Planning & Filing** integrated with the free **FltPlan Go** mobile app plus a full range of **Premium Services**

**F**ltPlan's 165,000-plus active, registered users file more than 55% of all N#-registered flight plans -- more than 70% of all N#-registered flight plans for jets and turboprops.

**FltPlan.com.** The core of our system is FltPlan.com, a free flight planning and filing website that covers the U.S., Canada, Mexico, the Caribbean, Central America, Panama, and parts of Venezuela and Colombia.

**FltPlan Go.** The free FltPlan Go app for iOS, Android, Windows is an indispensable companion to the website and incorporates essential tools and beneficial features for in flight and offline use.

**Premium Services.** In addition to the free FltPlan.com website and FltPlan Go mobile app, we offer a range of premium services including SMS, Pre-Departure Clearances (PDCs), eAPIS and APIS for Mexico, Canada, and the Caribbean, Premium Flight Tracking, a DCM Call Sign Program, and Runway Analysis. FltPlan Manager and FltLogic flight scheduling are designed for FltPlan users looking for comprehensive scheduling and flight plan management.

FltPlan covers the U.S., Canada, Mexico, Central America, the Caribbean, Panama, and parts of Venezuela and Colombia.

## Proven.

FltPlan is the largest flight planning company in North America. FltPlan's 165,000-plus active, registered users create more than 6,325,000 flight plans annually and file more than 50% of all N#-registered flight plans.

## Accurate.

FltPlan is renowned for fuel burn accuracy, reliable flight times, and accurate routing. We feature performance profiles for more than 320 aircraft models from experimental to inter-continental business jets.

## Reliable.

We have more than 26 years of flight planning and filing experience and continue to evolve to meet the changing needs of our users. Our services and products are backed with outstanding customer support, 24/7/365.

## Integrated.

Information is seamlessly integrated from FltPlan.com to FltPlan Go and to our Premium Services. From routing to Weight & Balance, your information is available on any device, at any time.

## Connected.

The FltPlan Go app connects easily to most ADS-B receivers to deliver current weather information. FltPlan Go also connects to multiple avionics systems to ensure the accurate delivery of important flight plan data directly into the cockpit.
